SUMMARY

Motivated AI & Full Stack Developer with hands-on experience in building intelligent web applications using the MERN stack and Python. Skilled in developing AI-based assistants, secure web platforms, and task automation systems. Passionate about machine learning, problem-solving, and building scalable AI-driven solutions.

EDUCATION

Bachelor of Technology, Computer Science and Engineering (AI & ML), Anantapur, India
Srinivasa Ramanujan Institute of Technology(SRIT), Anantapur
8.48 CGPA

Board of Intermediate Education (MPC), Narayana Junior College, Anantapur Anantapur, India
9.49 CGPA

SKILLS

Languages: Python, Java, SQL, JavaScript, HTML, CSS, C language

Frameworks: Express.js, React.js

Databases: MongoDB, MySQL

Tools: PowerPoint, Git, MS Office

Platforms: Jupyter Notebook, Visual Studio Code, Google Colab

LANGUAGES

• English • Urdu • Telugu • Hindi

PROJECTS

AskCoach AI - Intelligent AI-Based Guidance Assistant

Tech Stack : React.js, Node.js, JavaScript, NLP techniques

- Created an AI-powered assistant to provide user guidance and answer queries using NLP techniques.
- Executed real-time interaction features with intelligent response handling.
- Crafted an interactive web-based interface for seamless communication.
- Improved user productivity through contextual suggestions and learning support.

SafeClick - Smart Web Application for Detecting Unsafe URLs

Tech Stack: React.js, Node.js, Express.js, MongoDB, JavaScript, HTML, CSS

- Built a web application to identify potentially unsafe URLs and improve browsing safety.
- Applied URL validation and threat detection mechanisms for enhanced security.
- Optimized a responsive interface for secure and user-friendly browsing.
- Increased user awareness through real-time security feedback.

Frontend Dashboard - Interactive Analytics Dashboard

Tech Stack: React.js, JavaScript, HTML, CSS, Chart.js

- Created a responsive analytics dashboard for data visualization and performance tracking.
- Integrated interactive charts and dynamic UI components using React.js and Chart.js.
- Optimized interface usability to improve accessibility and user experience.
- Engineered reusable frontend components for scalable development.

CERTIFICATIONS

- Google Cloud Cybersecurity - Google Cloud Skills Boost
- Java Programming Fundamentals - Infosys Springboard

COMPETENCIES

- Flexible and Adaptable
- Active Listening
- Excellent Communication
- Team Collaboration
- Time Management
- Problem Solving
